Horses4Heroes is the only locally based, national non-profit that owns its own horses and uses those horses, including donated and Feed Lot rescues, every day in programs that serve local heroes and the community. The organization's large and growing national network of equestrian centers in 44 states and Canada offer affordable, sometimes free, recreational, instructional and health and wellness programs. In Las Vegas, our free programs include Operation Free Ride and Operation Free Ride Rodeo, Back in the Saddle, Ladies Unbridled, and 8.9.10: Ride to Win!
