Parking**

Thank you to Joyce Battaglia for donating the Arena, and a great team of Friends for helping make this
Benefit for our daughter possible – Christina was diagnosed with Hodgkins Lymphoma in April, she is
currently undergoing Chemo treatment and will have radiation therapy to follow. This Benefit will aid in
medical expenses related to her treatment, and will help ease the financial impacts of a devastating disease.
Your support and attendance means a lot to us, and we Thank you and appreciate being a part of this Horse
community that we love oxoxox
