

C Bar T Productions presents:

RUN FOR THE MONEY FINALE

October 8-10, Prineville, OR.

How it works:

One Annual Event to take place!

There will be a yearly "Buy In" at \$75 per rider. **100% of the buy in will go to the pot on Saturday October 9th as added money!**

The First 300 Buy Ins awarded at \$75 on rider only, no horse fee....After 300 the buy in increases to \$125 plus \$50 per horse.

Entry fee per horse at the event will be \$75 plus office fee regardless of entries. Each bought in rider can enter as many horses as they want with no additional buy in fee, only an additional entry fee at the race (unless you buy in after #300).

Friday will be a time only day starting at 5 p.m. and continue until 11 p.m. Time onlys will be offered all day for \$5/minute. Saturday's event will take place at 10:00am starting with a pee wee race followed by the **"Run for the Money"**. There will be a two day average (at no additional charge) for Saturday and Sunday for those of you who choose to enter both days. Sunday we will have a \$1000 added race, starting at 9am open to anyone. **The big payoff day will be Saturday, one run one big pot.** If the Saturday event has 300 riders the added money will total \$22,500.00 from your buy in of \$75. Total payout for the day including entry fees would be approximately \$38,250.00. This is only based off of 300 horses, now we know there will be quite a few folks who enter multiple horses at the \$75 entry fee so all of these additional entry fees just keep the pot growing.

With 200 folks buying into this the added money pot will be \$15,000.00. Total payout for the day \$25,500.00 based off of 200 horses.

With 100 folks buying into this the added money pot will be \$7500.00 Total payout for the day based off of 100 horses would be \$12,750....still very good money for a day race finale.

This can be as big as you want to make it and remember 100% of the buy in will go to Saturday's race only.
