Breakaway Equal Added Money Policy

2023 - Communicate plan to rodeo committees

2024 – Must add at least 50% of the barrel racing added money

2025 – Must add at least 75% of the barrel racing added money

2026 – Must add equal money to the barrel racing

*New rodeos adding breakaway roping for the 1st time in 2024 must just meet the minimum added money requirement of \$500. Then their 2nd year having breakaway, they must add at least 50% of the barrel racing and so on to follow the 3 year step up plan to equal money. Each year after 2024 the minimum requirement will be increased, and all rodeos must be at equal added money in the breakaway by 2027.

*If the rodeo was limited, and the rodeo removes its limits, they will be given a year of grace to meet the next added money requirement. i.e., In 2024 the rodeo removes its limit on breakaway, so it won't have to be at 50% added money until 2025. This is a onetime exemption, and all rodeos must be at equal added money in the breakaway by 2027.
